

eSolutions: *Foreclosure Leads*

In today's market, there are more foreclosure opportunities than ever before with thousands of properties put into default every week.

Each day, **Lawyers Title eSolutions** compiles the latest residential and commercial foreclosure information and makes it available 24/7 via our website to all our Nevada customers. Registered users can search specific cities, specific zip codes, even specific subdivisions to capture just the Notices of Default they want to target. With just one click, users can also get the latest Assessors and Tax Office information on specific properties.

This information is also exportable to a wide variety of reporting options, such as PDF, Word, Excel and Avery mailing labels. Just export the search results to your favorite format or print it straight to labels. It's that easy!

Contact us today for more information on accessing and using this valuable information.
